Summary

Full Stack Developer with hands-on experience developing, deploying, and integrating production-ready applications, specializing in React.js, Node.js, Express.js, MongoDB, PostgreSQL, AWS, Docker, and CI/CD. Built scalable web applications, RESTful APIs, and real-time systems while engaging with users to gather feedback and refine solutions. Strong problem-solving skills with 500+ DSA questions solved and demonstrated performance through hackathons and open-source contributions.

Technical Skills

Languages: JavaScript, TypeScript, C++, C

Frontend: React.js, React Native, Tailwind CSS, Next.js, PWA

Backend: Node.js, Express.js, Convex, Supabase

Databases: MongoDB, MySQL, PostgreSQL

Cloud & DevOps: AWS, Docker, CI/CD, GitHub Actions

Concepts: Data Structures & Algorithms, OOP, DBMS, Computer Network, System Design

Tools: Git, GitHub, Postman, Figma

Experience

Frontend Developer Intern – Welwart Pharmaceuticals Pvt. Ltd.

May 2026 – Aug 2026

- Developed and deployed responsive web applications using modern frontend technologies, improving usability and performance for real-world users.
- Implemented Progressive Web App (PWA) features and integrated cross-platform solutions, refining workflows through testing and user feedback.

Backend Developer Intern – Navrasa IT Solution

Nov 2025 – Jan 2026

- Engineered scalable RESTful APIs using Node.js, Express.js, and MongoDB, supporting authentication, profile management, and dashboards for 3+ user roles.
- Implemented JWT-based authentication and Role-Based Access Control (RBAC), while optimizing database schemas and API responses for secure and efficient data retrieval.

Projects

GurukulX – Peer-to-Peer Skill Exchange Platform Live Project, White Paper

Feb 2026 – Apr 2026

- Engineered a scalable full-stack platform using React.js, Node.js, Express.js, and MongoDB for peer-to-peer skill exchange, matching, scheduling, and feedback, onboarding 10+ users in early testing.
- Implemented real-time chat and orchestrated CI/CD pipelines using GitHub Actions with automated code reviews for efficient deployments.
- Authored and published a white paper documenting the project's architecture, implementation, and findings.

Sahaay – AI-Powered Mental Health Support Platform Live Project, Research Paper

Dec 2025 – Jan 2026

- Engineered an AI-powered mental health support platform using React.js, Node.js, Express.js, and MongoDB, featuring chat assistance, mood tracking, and community-driven support systems.
- Architected scalable backend services and RESTful APIs for handling user interactions and data processing.
- Co-authored a research paper on predicting mental health help-seeking behavior using Machine Learning, accepted at IEEE IATMSI-2026.

Education

KIET Group of Institutions (AKTU), Ghaziabad, India

October, 2023 - July 2027

Bachelor of Technology (Computer Science), SGPA: 8.3

Pratibha Niketan Inter College (UPMSP Board)

High School (PCMB), CGPA: 9.22

April, 2019 - May, 2020

Intermediate (PCM), CGPA: 8.17

April, 2021 - May, 2022

Research & Publications

Predicting Mental Health Help-Seeking in Tech

IEEE IATMSI 2026 (Co-author)

- Conducted research with faculty and peers using pre-trained models and synthetic data for analysis, contributing to research methodology and interpretation of results.

NextStepAI: Hybrid Intelligence for Career Planning

ICDAM-2026 (Presenter/Co-author)

- Developed a multi-modal AI framework for career trajectory planning, contributing to research methodology, data analysis, and interpretation of results.

Achievements & Certifications

- Earned AWS Certified Developer – Associate certification.
- Earned Oracle Cloud Infrastructure 2025 Certified DevOps Professional certification.
- Ranked among the Top 10 Finalists in Google Gen AI Hackathon (2024) for building “Drona” recognized by MeitY Startup Hub and Startup India.
- Secured 2nd Place at IIT Delhi BECON Hackathon (2025) by developing a civic-tech application.
- Contributed to open-source projects with merged pull requests in Hacktoberfest 2025 and Social Winter of Code.

Volunteer Experience

Core Member – Technocrats Club, KIET

Aug 2023 – Present

- Coordinated hackathons and coding workshops, engaging 40+ students and increasing participation by 27%.

Instructor – Marpu Foundation

Jun 2024 – Aug 2024

- Delivered educational sessions for 17+ students and contributed to website improvements.
